About FSAE

The Florida Society of Association Executives (FSAE) represents nearly 1,100 members in the state of Florida. We are the only umbrella association for all associations in Florida to join to get leadership training, professional development and certification for their employees. We host networking and educational conferences and events for our members throughout Florida. The majority of our members are decision makers at the CEO level.

FSAE is the exclusive gateway to reaching their decision makers in the state of Florida. For businesses and advertisers who want to establish business relationships with not for profit organizations and associations, Florida associations hold 47,000 meetings each year, drawing 3.6 million attendees. Their combined membership exceeds 1.5 million Floridians. These associations also employ 60,000+ Floridians, and spend more than \$1.7 billion dollars each year in the state of Florida.

Association executives and other stakeholders look to FSAE as a trusted source of advice, research and to be a spokesman for the association management profession in Florida. Many of our members consider FSAE their professional home. We welcome you into our family of professional colleagues.
